

## Uncover

Marcus Sepehrmanesh, Robert Habolin & Gavin Jones

### Refrain

Nobody sees  
Nobody knows  
We are a secret  
Can't be exposed  
That's how it is  
That's how it goes  
Far from the others  
Close to each other

In the day light  
In the day light  
When the sun is shining  
On a late night  
On a late night  
When the moon is blinding  
In the plain sight (plain sight)  
Like stars in hiding  
**You and I burn on** (on)

Put two and **together**  
**For ever will never change**  
Two and **together**  
**Will never change**

### Refrain

That's when we uncover  
Cover, cover  
That's when we uncover  
Cover, cover

My asylum  
My asylum  
Is in your arms  
When the world gives  
Heavy burdens  
I can bear a thousand times  
On your shoulder  
On your shoulder  
I can reach an endless sky  
Feels like paradise

Put two and **together**  
**For ever will never change**  
Two and **together**  
**Will never change**

### Refrain

That's when we uncover  
Cover, cover  
That's when we uncover  
Cover, cover

We can build a universe right here  
All the world could disappear.  
Wouldn't notice  
Wouldn't care  
We can build a universe right here  
The world could disappear.  
I just need you near.

### Refrain

That's when we uncover  
Cover, cover  
That's when we uncover  
Cover, cover  
That's when we uncover
